

AzBOC Newer Times

Happy New Year!!!

Based on the general educational base being provided by the Aesthetic school's and Cosmetology schools aesthetic programs in Arizona, the Board is considering the use of the NIC Advanced esthetic written examination rather than the basic Esthetic exam as a prerequisite for licensure. The practical examination will remain unchanged at this time.

Many states using the basic exam have practice limitations to the head, face and neck; have as few as a 100 hour curriculum requirement; and are not using machines and intense exfoliations as required in Arizona.

If you **do not support** the change please e mail cadams@azboc.gov with justifications by January 4, 2007. The following link compares the 2 examination content areas for your perusal.
